# Institutional Exemplars Programme

Sarah Porter  
Head of Development

- Solution to a well-recognised institutional problem
- Projects that support **existing** institutional strategies
- Relevant and transferable outside the originating institution(s)
- Four areas:
  - Institution-wide systems integration
  - Alignment with institutional strategy and policy to support educational processes
  - E-administration
  - Sustainable development

- Active support of senior leadership required
  - Must be demonstrated in the bid
  - Senior manager must be available to engage with the project and the JISC
- Implementation not just experimentation – want to see evidence of impact on technology, processes etc.
- Technology focus – standards and service-oriented approach
- Note the requirements for bidding!
